ADVISORY BOARD OF SALVATION ARMY REORGANIZED

ADVISORY BOARD OF SALVATION ARMY REORGANIZED

The Advisory Board of the Salvation Army for the Farmington district met on Wednesday, Sept. 21, at 7:30 p. m. Mrs. C. S. Hoffert, the fieldman for the Salvation Army, who is reorganizing the Advisory Boards throughout the state, was present at the meeting and spoke of the great need there is for the work in the county, and how much greater the need will be during the coming winter. He told of the cases the Salvation Army has handled for the district and of the rescue work they are doing, taking care of unfortunate girls, placing out homeless children, and helping those who are down and out to find a place in the world.

The drive for funds for the Salvation Army was then discussed, and the quota for the Farmington district was fixed at \$900. St. Francois county is divided for this work into the Bonne Terre, Flat River and Farmington districts. The Farmington district includes all that part of the county lying south of Esther, including Bismarck. To Bismarck was allotted \$150 of the district quota, the remainder to be made up in Farmington and the school districts.

The officers elected for the year 1921-22 are: President, Dr. C. A. Tettley; vice-president, W. L. Johns, secretary, Mrs. O. W. Bleek; treasurer,

No work can be of greater importance to our community, and there is nothing that should appeal more strongly to the generosity and public spirit of our people. The Salvation Army is not soliciting funds for itself, but to do the work in our own county that can be accomplished

sign no other agency.

Many people ask that question, but very few trouble to seek the answer. Why should people patronize their home merchant? Because the home merchant can only remain in business through the patronage of home people and a town without merchants would be a sorry place in which to live. Because the home merchant sells goods that do not have to be returned because of defects or inferior quality. It is the only way in which a local merchant can hold his trade. Because the local merchant is not in the habit of charging excessive prices. You may at times be able to get the same article elsewhere for a little less mon-
